A Hunt Military Community

### Maintenance Tip SINK & TUB STOPPERS

Our #1 goal is to provide our residents with safe and high quality communities in which to live. Greg ~ Maintenance Director

Closing your sink stopper while brushing your hair will prevent drain clogs. When finished remove hair and unstop your sink.

Adding a cover to your drain in the bathtub will also eliminate clogs.

## **Our President's Message**

Hunt Heroes Foundation (HHF), the non-profit organization founded by Hunt Military Communities ("HMC"), recently awarded \$20,000 of scholarship grants to nine military family members. Winners include seven military children and two military spouses who will receive grant awards that will be directly given to their college of choice, ranging from \$1,000 to \$5,000 to help alleviate the cost of their undergraduate education.

Scholarship recipients were selected based on their commitment to community involvement, demonstrated leadership, participation in school and community activities, and work experience. In order to be nominated, students had to submit an application by February 20th, 2019. Candidates did not have to be a resident of HMC in order to apply for a scholarship. Congratulations to all of our scholarship

# **Trash Pick Up**

MAIN BASE Recycle: 8/9 & 8/23 Trash/Bulk: Every Tuesday

HERITAGE / LIBERTY Recycle: 8/2 & 8/16 & 8/30 Trash/Bulk: Every Monday

Don't forget to put your cans away by 6:00pm the following day.

Cleaning Tips: The ideal time for trash can cleaning is on trash day, right after trash pickup or before filling up the can.

- $1. \ \ Move the container(s) to some place you don't mind getting wet and$ somewhat soapy, the lawn would be ideal.
- 2. Squirt some dishwashing liquid into the bottom of your empty trash container(s) and use a sprayer attached to your garden hose to "pressure wash" the inside of can.
- 3. Pour out the soapy water & rinse.
- 4. Turn the container(s) upside down with the lid open to let all the water drain
- 5. Turn the container(s) right side up, with the lid open and let it dry in the sun
- 6. Spray inside of the container(s) with disinfectant.
