For iPhone and Android users, you can also connect and register with the portal "on the go" by downloading the RENTCafe Resident App.

Look for it in the App Store or Google Play. The information for registering will be the same. However, on the app you will need to know your property name and zip code (Barksdale Family Housing - 71110).

Maintenance Info...

Quarterly Preventative Maintenance inspections start over this month. Be on the look out for our maintenance team, they will start on Anzio, Barksdale and Bong then follow the streets in alphabetical order throughout the quarter.

Our #1 goal is to provide our residents with safe and high quality communities in which to live.

October 1st is our Annual CEL kickoff!
Please check your email and complete the survey.

Our President's Message

We are coming up on CEL season, and I want to encourage all of our residents to participate and here's why...

The annual CEL Survey is an important instrument for Hunt to understand what we are doing well and what we need to work to improve. The CEL survey is available to all military housing residents throughout the country. It is controlled and administered by an independent, third-party who reports the results simultaneously to us and the Department of Defense. Across the Hunt portfolio of communities, we have an average

of over 50% of our residents who respond. This response rate is statistically high, but we want to continue to encourage our residents to respond in as large numbers as possible, so we get an accurate view of what is occurring within the communities.

Our goal is 100% satisfaction. When we fall short, we want to know so we can fix any problems before they become bigger issues. We also want to know which of our communities have high satisfaction rates so we can share best practices.

We want to hear from you, and this is one of several tools we use to facilitate that. I look forward to what you have to say.

Don't forget to put your cans away by 6:00pm the following day.

Cleaning Tips: The ideal time for trash can cleaning is on trash day, right after trash pickup or before filling up the can.

1. Move the container(s) to some place you don't mind getting wet and somewhat soapy, the lawn would be ideal.
2. Squirt some dishwashing liquid into the bottom of your empty trash container(s) and use a sprayer attached to your garden hose to "pressure wash" the inside of can.
3. Pour out the soapy water & rinse.
4. Turn the container(s) upside down with the lid open to let all the water drain out.
5. Turn the container(s) right side up, with the lid open and let it dry in the sun all day.
6. Spray inside of the container(s) with disinfectant.
