

Maintenance Info... Clogged Dishwasher?

Food thrown back onto the dishes during the cycle?

If your dishwasher is draining slowly or food particles keep getting thrown back onto the dishes, then your filter may be clogged. Try these simple steps to clean the filter.

Step 1: Put on rubber gloves, and empty the dishwasher of all clean dishes.

Step 2: Remove the rack from the bottom of the dishwasher to expose the bottom of the dishwasher where a spray arm, and two filter-type sections are located. Fill the kitchen sink with hot water, and dish liquid.

See —> for the remaining steps...

Cont...

Step 3: Unscrew the cover near the spray arm. This filter acts as a cover to prevent large objects and utensils from getting caught in the main pump.

The second area towards the back of the dishwasher filters other types of debris, such as food, and other scraps left on dishes. Place the removable piece in the soapy sink water.

Step 4: Unscrew the filters located in the back of the dishwasher. Two kinds of filters are located in this area, a "coarse" and a "fine" filter. The "coarse" filter traps pieces of food and removes it to another area to be disposed of during the dishwasher cycle. The "fine" filter allows the flow of water back into the cleaning cycle while keeping all other particles away.

Step 5: Wipe out the contents stuck to the "coarse" and "fine" filters using your gloved fingers, and throw away in the garbage. Place the removable parts of these filters in the soapy water of the kitchen sink to soak.

Step 6: Wipe the dishwasher interior with a paper towel to remove built up grime and soap scum, which will dry out the area before you clean it with a sponge.

Step 7: Put a dollop of dishwasher detergent onto a wet sponge, and wipe down the interior of the Kenmore dishwasher. Rinse sponge until clear with water and begin cleaning filters soaking in the sink. Rinse off and dry with a clean towel.

Step 8: Screw filters back into their proper places. Run the dishwasher empty for a final cleaning.

Happy Father's Day 6/21/20

Our President's Message

From all of us here at Hunt Military Communities, I want to wish all the fathers out there the sincerest Happy Father's Day. Whether you are serving far away or close to home – or supporting a spouse who is active duty – your commitment to your country and families is admirable. We look forward to honoring you this month.

In May, Hunt Military Communities teamed up with wear blue: run to remember in organizing Memorial Day virtual run/walk events in our communities. wear blue: run to remember, a national, nonprofit organization is committed to building a running community that honors the service and sacrifice of the American military.

This year, wear blue hosted the event as a virtual run/walk, enabling runners and walkers from all over the U.S. to continue on in the mission – to honor our nation's fallen by learning their stories, speaking their names out loud and honoring their legacies. Runners and walkers were encouraged to participate on an individual basis and became part of a living memorial to America's fallen heroes and showed of support for the families they left behind. Hundreds of HMC employees and residents participated in the event across the U.S.

Thank you to all who ran, walked, and supported this worthwhile event. It is because of your dedication to the cause we are able to honor and recognize our American fallen heroes in such a thoughtful way.

John Ehle
President
Hunt Military Communities
