COMMUNITY DIRECTOR UPDATE MAY 1, 2026

COMMUNITY NEWS

As the school year winds down and summer approaches, our community is filled with excitement and anticipation. With Memorial Day just around the corner, we pause to honor the brave men and women who have made the ultimate sacrifice in service to our nation- a moment of reflection that holds deep meaning for our military families. At the same time, the end of the school year brings well deserved celebrations for students, teachers and parents alike. As summer begins, we look forward to a season filled with family time, community events, and opportunities to relax and recharge. Let's make the most of this special time together while remembering the values that unite us.

Want to be a Part of Resident Council?

We encourage you to actively contribute to making a difference for our families. Your feedback during these meetings plays a vital role in shaping property decisions and gaining insight into our families' perspectives on key matters. If interested, please stop by the Main Base or East Base Community Center, Monday to Friday from 8:00 AM to 5:30 PM or call (318) 395-6689. Last month, we welcomed 29 new families to our neighborhoods and assisted 15 families with their transition to their next duty station. Let's give a warm welcome to our new families. We're excited to meet you all!

MAINTENANCE TIPS

Thermostat

The thermostat signals the system to heat or cool your home. However, it does not regulate the temperature of the air coming from the supply vents. Its primary function is to turn the system on or off and signal it to shut down once the desired temperature is reached. The system has two main switches: Mode (Cool/Off/Heat) and Fan. It is recommended to always set the fan to "Auto". In "On" mode, the fan simply circulates air throughout the house without conditioning it, whereas "Auto" ensures the air is conditioned before being delivered.

Did you know? Shutting blinds, screen doors and garage doors in the summer reduces heat from coming into your home.

Stay cool this summer!
